

SACRED FIRE BREATHWORK

BREATHING FOR ALIGNMENT

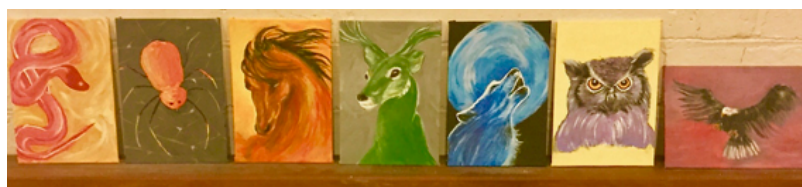

SOUND HEALINGS DRUMMING CIRCLES NEW & FULL MOON HEALING CEREMONIES

2019 is a powerful year for letting go of resistance, for transformation, receiving the bounties of the universe and for aligning with the Divine. The **Seven Master Totems** of the **Sacred Fire Tradition** vibrate within our physical systems and guide us to greater and greater wisdom, abundance, love and freedom. As an **Elder** of the **Sacred Fire Tradition**, Diane is honoured with the permission to not only share the oral tradition of storytelling about these magnificent **Totem**, but also to evoke Their presence and share Their extraordinary healing properties through channeling and Sound Healing.

Diane is very happy to offer the unique opportunity to experience the profound healing of the **SEVEN MASTER TOTEMS** in a series of seven consecutive **Sound Healing Events**.

You are very welcome to attend one or all of these evenings although you are encouraged to attend all and allow the building of clarity and energy in your system as you align with each **Master of Vibration** held in the **Sacred Totem**.
